INDEPENDENT AUDITORS' REPORT

Board of Directors
Lincoln Literacy Council
Lincoln, Nebraska

We have audited the accompanying financial statements of Lincoln Literacy Council (a nonprofit organization), which comprise the statements of financial position as of December 31, 2012 and 2011, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Lincoln Literacy Council as of December 31, 2012 and 2011, the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

LINCOLN LITERACY COUNCIL
NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

Lincoln Literacy Council ("Organization") is a Nebraska nonprofit corporation. Its purpose is to bring students together with volunteers to provide literacy services, support and awareness to the community. The Organization's primary support comes from donors and grants.

Basis of Accounting

The financial statements of the Organization have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables and other liabilities.

Financial Statement Presentation

The Organization utilizes FASB ASC 958-205 "Financial Statements of Not-for-Profit Organizations." FASB ASC 958-205 sets standards for external financial reporting by not-for-profit organizations and requires that resources be classified for accounting and reporting purposes into net asset categories according to externally (donor) imposed restrictions. A description of the three net asset categories utilized by the Organization follows:

Unrestricted Net Assets

Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains or losses on investments and any other assets or liabilities are reported as increases in unrestricted net assets unless their use is limited by donor stipulation or by laws.

Temporarily Restricted Net Assets

Include amounts received that are designated for future periods or are restricted by the donor for specific purposes. When a donor restriction expires through the expiration of time or satisfaction of the donors; restrictions, restricted net assets are reclassified to unrestricted net assets and are reported in the statement of activities as net assets released from restriction.

Permanently Restricted Net Assets

Include amounts that are subject to donor-imposed restrictions that they be maintained permanently by the Organization. Generally, the donors of these assets permit the Organization to use all or part of the income earned on related investments for unrestricted purposes.

At December 31, 2012 and 2011, there were no temporarily restricted or permanently restricted net assets.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

LINCOLN LITERACY COUNCIL
NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments

The Organization has adopted FASB ASC 958-320, "Not-for-Profit Entities, Investments - Debt and Equity Securities". FASB ASC 958-320 establishes standards of reporting at fair value certain investments, debt and equity securities, held by not-for-profit organizations.

Therefore, investments in equity securities that have a readily determinable fair value and all investments in debt securities are stated at fair value, with gains and losses included in the statements of activities. Fair value is determined by quoted market values.

Accounts Receivable

Accounts receivable have been adjusted for all known uncollectible accounts. No allowance for bad debts is considered necessary at year end.

Inventory

Inventories are stated at the lower of cost or market. Cost is determined using the first-in, first-out (FIFO) method.

Property and Equipment

Property and equipment are stated at cost, if purchased, or fair market value, if donated. Major expenditures for property and those which substantially increase useful lives are capitalized. Maintenance, repairs, and minor renewals are expensed as incurred. When assets are retired or otherwise disposed of, their costs and related accumulated depreciation are removed from the accounts and resulting gains or losses are included in income.

Depreciation

The Organization provides for depreciation of property and equipment using annual rates which are sufficient to amortize the cost of depreciable assets using the straight-line method over their estimated useful lives for five years.

Contributions

The Organization utilizes FASB ASC 958-605, "Accounting for Contributions Received and Made." FASB ASC 958-605 requires that unconditional promises to give (pledges) be recorded as receivables and revenues and requires the Organization to distinguish between contributions received for each net asset category in accordance with donor-imposed restrictions. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional.

LINCOLN LITERACY COUNCIL
NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions (Continued)

Contributed Materials and Services

The Organization records various types of in-kind contributions. Contributed services are recognized at fair market value if the services received (a) create or enhance long-lived assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Contributions of tangible assets are recognized at fair market value when received. The amounts reflected in the accompanying financial statements as in-kind contributions are offset by like amounts included in expenses or additions to property and equipment.

Volunteers

Many individuals volunteer their time and perform a variety of tasks that assist the Organization with their operations. The volunteer hours have not been recorded in the financial statements since those services do not meet the criteria for recognition.

Concentration of Support

The Organization receives approximately 15% of its annual budget from a contract with the Nebraska Health and Human Services System.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been reported on a functional basis in the consolidated statement of functional expenses.

Advertising

Advertising costs are expensed as incurred. Advertising expense was \$- 0 - and \$- 0 - for the years ended December 31, 2012 and 2011, respectively.

Compensated Absences

Employees' vacation benefits are recognized when paid.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

LINCOLN LITERACY COUNCIL
NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

The Organization is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. However, income from certain activities not directly related to the Organization's tax-exempt purpose is subject to taxation as unrelated business income. In addition, the Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization other than a private foundation under Section 509(a)(2).

The Organization has adopted the provisions of FASB ASC 740-10, "Accounting for Uncertain Tax Positions". The Organization continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law, and new authoritative rulings. The Organization's U.S. Federal, state and local tax returns for 2009 and after are subject to examination by tax authorities.

Reclassification

In certain instances, figures for the prior year have been reclassified to place them on a basis comparable with the current year.

NOTE 2. INVESTMENTS

The Organization has adopted FASB ASC 820-10, "Fair Value Measurements", which provides a framework for measuring fair value under accounting principles generally accepted in the United States of America. FASB ASC 820-10 applies to all financial instruments that are being measured and reported on a fair value basis.

As defined in FASB ASC 820-10, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Organization uses various methods including market, income and cost approaches. Based on these approaches, the Organization often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The Organization utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Organization is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange. Level 1 also includes U.S. Treasury and federal agency securi-

LINCOLN LITERACY COUNCIL
NOTES TO FINANCIAL STATEMENTS

NOTE 2. INVESTMENTS (Continued)

ties and federal agency mortgage-backed securities, which are traded by dealers or brokers in active markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2 - Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.

Level 3 - Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

For the year ended December 31, 2012, the application of valuation techniques applied to similar assets has been consistent. The following is a description of the valuation methodologies used for instruments measured at fair value:

Marketable Equity Securities

The fair value of marketable equity securities is the market value based on quoted market prices, when available, or market prices provided by recognized broker dealers. If listed prices or quotes are not available, fair value is based upon externally developed models that use unobservable inputs due to the limited market activity of the instrument.

Fair Value on a Recurring Basis

The table below presents the balances of assets measured at December 31, 2012 at fair value on a recurring basis.

	2012			
	Total	Level 1	Level 2	Level 3
Equity Securities				
U.S. Companies	<u>1,076</u>	<u>1,076</u>	_____	_____

The carrying amounts, market value, unrealized gains and unrealized losses of the Level 1 marketable securities at December 31, 2012 are as follows:

	2012		
	Cost	Unrealized Gain (loss)	Market Value
Equity Securities	<u>1,088</u>	<u>(12)</u>	<u>1,076</u>

LINCOLN LITERACY COUNCIL
NOTES TO FINANCIAL STATEMENTS

NOTE 2. INVESTMENTS (Continued)

Management evaluates securities for other than temporary impairment at least on a quarterly basis, and more frequently when economic or market concerns warrant such evaluation. Consideration is given to (1) the length of time and the extent to which the fair value has been less than cost, (2) the financial conditions and near-term prospects of the issuer, and (3) the intent and ability of the Company to retain its investments in the issuer for a period of time sufficient to allow for any anticipated recovery in fair value. As management has the ability to hold securities for the foreseeable future, no declines are deemed to be other than temporary.

The following schedule summarized the investment return in the statements of activities for the years ended December 31, 2012:

Investment income	974
Unrealized gains (losses)	<u>(12)</u>
Total	<u>962</u>

NOTE 3. PROLITERACY ENDOWED FUND AND THE LINCOLN COMMUNITY FOUNDATION

The Lincoln Community Foundation is a holder of the Proliteracy Endowed Fund and the Organization is a beneficiary of the income from the fund. The income from this fund is remitted to the Organization in November of each year and the amount will vary depending on the investment returns of the Lincoln Community Foundation. The total received from these funds during the year ended December 31, 2012 and 2011 was \$490 and \$467, respectively.

NOTE 4. LEASE COMMITMENT

In September 2009, the Organization renewed their lease for its current office space under a four year noncancellable lease expiring September 30, 2013 including shared complex expenses. There is an option to renew the lease for an additional four years at an increased monthly rental plus the shared complex expenses.

At December 31, 2012, a schedule of the future minimum rental payments required under the above is as follows:

Years Ending December 31,	
2013	14,555

NOTE 5. CONCENTRATION OF CREDIT RISK

At December 31, 2012 and 2011, all deposits held in financial institutions for the Organization were covered by the Federal Deposit Insurance Corporation or other federally insured instruments.

LINCOLN LITERACY COUNCIL
NOTES TO FINANCIAL STATEMENTS

NOTE 5. CONCENTRATION OF CREDIT RISK (Continued)

Financial instruments which potentially subject the Organization to concentrations of credit risk consist primarily of trade receivables with a variety of customers. The Organization generally does not require collateral from its customers. Such credit risk is considered by management to be limited due to the Organization's broad customer base and its customers' financial resources.

NOTE 6. SUBSEQUENT EVENTS

In 2013, the Organization is in the process of formally changing their name to Lincoln Literacy.

In preparing the financial statements, the Organization has evaluated events and transactions for potential recognition or disclosure through April 18, 2013, the date the financial statements were available to be issued.
